

**IMPORTANT:**  
 Please Note the Details up to FJI 11.0 state Houses but they are currently identical to that of Flats. To save space & duplicating details please refer to these for BOTH Houses & Flats until further notice (excludes FJI 1.0 & 2.0 & 10.0 which are duplicated!)

**Important Notes:**

- All joists to be I-Joists unless stated otherwise.
- Please ensure correct orientation of I-joists prior to fixing.
- Please ensure all loose JH's labelled are fitted correctly.
- Timbers in loose area NOT marked to be cut to suit on site.
- Any drilling / notching of beams to be in strict accordance with manufacturers instructions.
- Please DO NOT cut or notch I-joist flanges.
- Any drilling of webs to be in strict accordance with manufacturers instructions.
- Please read this drawing in conjunction with Taylor Lane's I-Joist Details.
